Education/Qualifications:

from 2006 Faculty of Architecture and Urbanism -
Gdansk University of Technology, Poland
5 year full time master course of Architecture and Urbanism

2008-2009 scholarship at Faculty of Architecture -
Vienna University of Technology, Austria

2003-2006 5th High School in Gdansk, Poland

2005 University of Cambridge Certificate of Advanced English (CAE)

Employment history:

2010 Van Herk De Kleijn Schroeder & De Jong Architecten, Amsterdam, NL
June-October My primary task was designing and drawing in Revit new student house in Amsterdam for around six hundred living units, with bike storage and designed landscape. Other projects I was involved were social housing in Hague, extension of the house in Amsterdam and detailing of other projects. My other tasks were model making, preparing visualizations and project documentation.

2009 Interior design of Oncological Consultation Room in Sea Towers
October-December building, Gdynia, PL
It was my first self-made project, starting from conceptual phase, visualisations to specified drawings of wall placement, plumbing, electricity and final decoration. That gave me the experience in working with various contractors as well as working with a client.

2008 Sima Architecture Studio, Gdynia, PL
June-August It was my 3-month internship in this office as an architect assistant. I was responsible for making changes in existing estate projects, cad drawings, construction design with the help of office engineer, working on residence projects, facades design, estates inventory, interior and furniture design.

2008 property architectural survey of a mansion in Godetowo, PL
September measuring and drawing all interiors, electrical and plumbing fixtures

2008 property architectural survey of a development in Smetowo, PL
April historical estate inventory

2007 stock manager in Swift's Club, Newbridge, Ireland
July-September

from 2009 various freelance interior design projects

from 2006 various freelance projects of logtype and graphic design

from 2006 graphic designer in non-profit student organisation
International Exchange Erasmus Student Network
